

Reveille Weekday School COVID-19 Quarantine & Isolation Criteria

Reveille Weekday School is a licensed program through the Virginia Department of Education. We are required to follow the guidelines and protocols set in place for early childhood programs by VDOE who works closely with the Virginia Department of Health.

Unvaccinated Students

Unvaccinated Student Exposure

- Stay home. Quarantine for 10 days starting after the last day of exposure and return on Day 11. A test is not required to return, if asymptomatic.
- Unvaccinated Students may test Day 5 after the last day of exposure and return to school on Day 6 with a negative test result, symptom/fever free and must be able to correctly and consistently wear a well-fitted face mask at all times on Day 6-10, except when eating and drinking.
- If an unvaccinated student has tested positive for COVID-19 within the past 90 days, they do not have to quarantine unless symptoms develop. If symptoms develop, call your child's pediatrician.

Unvaccinated Student Tests Positive

- Unvaccinated students must quarantine for 10 days and can return on Day 11 symptom/fever free with a doctor's note to return to school. A test is not required to return.

Unvaccinated Student with a positive on-going contact that tests positive

- Unvaccinated students should isolate away from the infected person and quarantine for 10 days starting the day after the last day of exposure/contact. Test 5-7 days after the last day of exposure/contact. If negative, return to school Day 11. Students must remain symptom/fever free before returning. If positive results, see above bullet for guidance unvaccinated student tests positive.
- If an unvaccinated student has tested positive for COVID-19 within the past 90 days, they do not have to quarantine unless symptoms develop. If symptoms develop, call your child's pediatrician for further guidance.

Vaccinated Students

Vaccinated Student Exposure

- If a vaccinated student has an exposure/contact, they are not required to quarantine as long as they are not symptomatic. If symptomatic, please complete a COVID-19 test and stay home until test results are received and symptom free/fever free. Please notify the school.
- If a vaccinated student has tested positive for COVID-19 within the past 90 days, they do not have to quarantine unless symptoms develop. If symptoms develop, call your child's pediatrician.

Vaccinated Student Tests Positive

- Child must be isolated for 10 days and can return to school on Day 11, symptom free/fever free. A doctor's note is required to return to school. A test is not required to return.

Vaccinated Student with a positive on-going contact that tests positive

- If a vaccinated student has an on-going home exposure/contact that tests positive, the child must quarantine and test on Day 5 after the last date of exposure. The student may return to school on Day 6 with a negative test result and must be able to correctly and consistently wear a well-fitted

face mask at all times on Day 6-10, except when eating and drinking. A doctor's note may be requested to return to school.

- If a vaccinated student has tested positive for COVID-19 within the past 90 days, they do not have to quarantine unless symptoms develop. If symptoms develop, call your child's pediatrician for further guidance.

Frequently Asked Questions/Answers

Q: What is the mask/facial covering policy at Reveille?

A: Masks are recommended for children over the age of 2 as part of a layered approach to preventing the spread of COVID-19, however the school also understands that families should be able to make choices about masking that best meet the needs of their children. Masks are optional for teachers, staff and visitors to Reveille (Effective March 14, 2022).

Q: Which type of tests are acceptable?

A: PCR TEST RESULTS ARE RECOMMENDED & MOST ACCURATE, however, an AT HOME ANTIGEN TEST is now acceptable. **If your child has symptoms and tests negative with a At Home Antigen test, please follow up with a PCR test for confirmation. If the At Home Antigen Test is negative and your child is NOT symptomatic, the school will accept the result.** Please notify the school with your child's at home antigen test result. Physician's office lab result should be emailed to weekdayschool@reveilleumc.org or fax 804.359.6090.

Q: Where can I find a test?

A: [Find a test location near me](#)

Q: Where can I get my child vaccinated if they are 5 or older?

A: [Vaccination Sites](#)

Q: After my child has their last dose of the COVID-19 vaccine, when does it become effective and how do I notify the school?

A: Your child's vaccine is effective 2 weeks after the final dose. Please email weekdayschool@reveilleumc.org with a picture of your child's COVID-19 vaccine card. We will print and file the vaccine card and attach to your child's health record.

Q: What is the rationale behind your practices? (Virginia Department of Health)

- **Correct and consistent mask use is not always possible for young children.**
- **Children under 2 are not able to wear a mask.**
- **At this time, NO children under 5 are eligible for vaccination.**
- **Adults are not able to physically distance when caring for young children.**
