REVEILLE WEEKDAY SCHOOL

Reveille United Methodist Church is located at 4200 Cary Street Road in Richmond, Virginia. Reveille United Methodist Church has been ministering to young families through the Reveille Weekday School since 1966. The school is VA Quality rated and licensed by the Virginia Department of Education, Reveille Weekday School serves children ages 12 months through Junior Kindergarten.

Reveille Weekday School is a faith-based program, though admissions decisions are made without regard to a child's religious affiliation. We value each student's unique characteristics, talents and abilities and believe that a diverse student population enhances each classroom and the entire school community. Because Reveille Weekday School is a ministry of Reveille United Methodist Church, preference for new applications is given first to children of Reveille members followed by siblings of existing Reveille Weekday School children until the end of December, at which time applications are accepted in the order in which they are received.

PART I. STATEMENT OF MISSION

A. Preschool Classes

The mission of the Preschool Classes is to provide early care and education in a warm, caring environment where the child's intellectual, spiritual, emotional, social, and physical growth is fostered.

The school provides opportunities for each child:

- to develop his or her unique talents and abilities
- to develop a positive self-image
- to grow in independence
- to learn to give, share and receive affection
- to develop self-control and discipline
- to learn good health practices
- to learn non-sexist, non-racist human roles
- to begin to understand the physical world

The program is designed to achieve the following learning outcomes:

- to stimulate curiosity, creativity, and a desire to learn
- to learn how to interact positively with peers and adults, individually and in groups
- to foster the development of language, through both listening and speaking
- to develop gross and fine motor skills

The school staff seek to exemplify God's love by providing care and by showing respect for

each child as a unique and valued person.

B. Toddler Classes

The Toddler Classes provide a nurturing ministry to toddlers.

The goals of the Toddler Classes are:

- to maintain and celebrate the positive, spontaneous energy and activity of toddlers
- to provide an extended family situation where small children may experience God's love in a nurturing environment with adults other than their parents
- to provide parents with opportunities to participate in the program and to observe their own children as they relate to other children and adults
- to promote each child's growth in independence, self-expression, and self-discipline
- to provide opportunities for children to develop positive relationships with their peers
- to provide an environment and activities to cultivate the child's natural desire to learn

Reville Weekday School (RWS) is a ministry of Reville United Methodist Church (RUMC). The school is located on the RUMC campus in the education wing, as such, the school abides by the building use policy of the church. The school does not hold on-site fundraisers by for-profit businesses per the church building policy. As a general rule, the weekday school does not hold on-site fundraising events by non-profit businesses.

If a business would like to donate to RWS for events held off-site, the school will accept these donations. Any administrative burdens associated with such events including advertising will be managed by the business or by the individual wishing to make the donation to the school.

Reville Weekday School is a 501.C non-profit. Two times during the year the school has spirit nights which are sponsored by the Parent Advisory Committee (PAC). The primary goal of these events is to build community amongst the families of RWS. Events are always held offsite, and the administrative duties associated with them are handled by a chairperson from the Parent Advisory Committee. The business where the event is held will issue a check to RWS for any money being donated to the school.

In addition to the Spirit Nights, the school receives donations from two bake sales that are held during the year at Fall and Spring school-wide family fellowship events. Both events are managed by parent volunteers from the PAC.

PART V. CHILDREN'S HEALTH CARE

A. Immunizations

Safety and public health are priorities for RWS. The vaccination of all students is essential to maintain a safe environment and decrease the risk of transmission of preventable illnesses. Given the premium placed on maintaining health, along with the need to protect all students attending RWS, all children must be immunized in accordance with the guidelines detailed in the Commonwealth of Virginia's School Entrance Health Form while attending RWS.

Any medical exemptions will be handled on a case by case basis. RWS will consult with the child's health care provider as necessary to understand the request and the basis for the medical exemption, and will consider the request with the advice and guidance of medical experts.

Part II of the Commonwealth of Virginia's School Entrance Health Form (entitled "Certificate of Immunization") shall be submitted prior to the start date of school. Children will not be allowed to attend school until a completed form is on file in the RWS office.

The Certification of Immunization Form shall be obtained once each year following admission.

B. Physical Examination

Each child shall have a physical examination within twelve months prior to admission to RWS.

Part III of the Commonwealth of Virginia's School Entrance Health Form (entitled "Comprehensive Physical Examination Report") shall be submitted prior to the start date of school. Children will not be permitted to attend school until a completed form is on file in the RWS office.

The Health Information Form shall be obtained once each year following admission.

C. Medication

The school staff shall not administer prescription or non-prescription drugs to a child. Exception to this policy must be approved by the Director. In the case of an emergency exception, medication will only be administered by a teacher or administrator who has successfully completed the MAT training. Staff of Reveille Weekday School will never administer the initial dose of a medication.

In the event that medication is necessary, the following procedures will be followed:

- Parents provide written instructions that include the medication name, dosage, time and date to be given on the MAT form

- Instructions are consistent with labeling on the medication

- All medications are stored in the original container and bear the full name of the child

- Documentation is kept that shows the name, amount, time given and name of person administering the medication.

- Medication is stored in a locked cabinet and is inaccessible to children.

- Medication has not expired.

D. Illness and Communicable Disease

Reveille Weekday School Illness Policy (Updated 8/22)

**This policy is subject to change as per guidance provided by CDC, VDH, or VDOE.*

Staff members shall observe each child daily for signs and symptoms of illness. If a child shows symptoms of illness or communicable disease, the office staff shall make arrangements for the parent or designated emergency person to pick up the child as soon as possible. Such children shall remain in the office or a supervised quiet area until leaving the school. Teachers are required to document all illnesses. Written documentation will include a description of the illness, actions by the staff and method of notification of parents.

When a child has been exposed to a communicable disease at school, the Weekday School will notify each family in the classroom in writing.

If your child exhibits any symptoms (fever of 100 degrees or higher, cough, congestion/runny nose, fatigue, shortness of breath, head/body aches, chills, sore throat, nausea/vomiting, persistent diarrhea, etc.) (regardless of vaccination status) your child should not attend school, begin to isolate at home, and undergo testing as recommended by your child's pediatrician. The day symptoms begin should be counted as Day 0.

To return to school, your child must be symptom-free for 24 hours without the use of medication. If the pediatrician recommends a Covid-19 test, your child may return to school after they receive a negative test result. Please email the office (weekdayschool@reveilleumc.org) a picture of your documented test results.

If your child tests positive for Covid-19, follow the Positive Covid-19 Test Procedures below. The school will call parents in the event the child appears to continue to exhibit symptoms of being ill.

The current edition of the State Department of Health Communicable Disease Chart shall be posted in the school office. Recommendations on the chart for the exclusion of sick children from school shall be followed.

Children who attend school shall be considered able to go to the playground. The school staff shall not provide indoor care for a child while the class goes to the playground.

The parent(s)/guardians agree to inform the center within 24 hours or the next business day after the child or any member of the immediate household has developed a reportable communicable disease, as defined by the State Board of Health, except for life threatening diseases which must be reported immediately.

In Direct Response to COVID-19:

If a child were to exhibit symptoms associated with COVID-19 (fever of 100.0 degrees or higher, cough, shortness of breath), during the school day, the child will be brought to the main office. A member of the administration will then walk the child to the childcare room located on the main office level, which will be used as an isolation room, if needed for sick children. The child will be supervised until parent pick up. Parents should pick up within 30 minutes of the call from the school. Siblings of the child that is ill will be assessed for any sign and symptoms of illness.

POSITIVE COVID-19 TEST PROCEDURES

- Children who test positive for Covid-19 (regardless of vaccination status), should isolate themselves at home for at least 5 days.
- If they are asymptomatic or symptoms are resolving **and** they have been fever-free for 24 hours without medication, they may return to school after Day 5, provided they

test negative on or after Day 6. If no Covid test is given between days 6-10, these children must remain home through Day 10.

EXPOSURE TO COVID-19, BUT ASYMPTOMATIC PROCEDURES

- Exposure is defined as being within 6 feet of a person who has Covid-19 for a total of 15 minutes or more over a 24-hour period or having direct contact with respiratory secretions from an infected person.
- Regardless of vaccination status, children who are asymptomatic, but have had close contact with a person who tested positive for Covid-19, should be tested as soon as possible after the known exposure. If the child tests negative and remains asymptomatic, he/she may return to school. If the child remains asymptomatic, he/she will need to be retested between days 3-5 after the exposure. If the child tests negative between days 3-5, he/she will be allowed to continue attending school. Please email the office (weekdayschool@reveilleumc.org) a picture of all documented test results.

CLASSROOM EXPOSURE TO COVID-19 PROCEDURES

- If there is a positive case reported in your child's classroom, we will notify families (by email). We will not quarantine a class for a single positive case; instead, we ask families to continue to monitor their children for the next 5 days.
- If there is a third 'epidemiologically linked' case of Covid-19 in the class, we are required to report it to the Virginia Department of Health, which will provide us with further guidance.

OTHER REMINDERS

- If a parent needs to enter the facility, you must not be experiencing any signs of illness and sanitize your hands before entering. There is a sanitizing station at the main entrance.
- Children will be required to wash their hands using the CDC-recommended hand washing procedures throughout the day using warm running water and rubbing with soap for at least 20 seconds.
- In accordance with the Virginia Department of Health guidelines, at-home and rapid tests are permissible.
- Parents are responsible for purchasing and administering the tests. Free test kits are available from the following website: <https://special.usps.com/testkits>. Free test kits may also be available through your health insurance provider.
- If your child or any family member is showing symptoms related to Covid-19, your child should be kept home until the symptomatic person is tested.

- Families are able to make choices about masking that best meets the needs of their children. Masks are optional for teachers, staff, and visitors to Reveille Weekday School (Effective 3/14/22).
- However, according to the CDC (Centers for Disease Control and Prevention), when the community spread level is in the HIGH range, masking indoors is recommended for children over the age of 2 as part of a layered approach to preventing the spread of Covid-19. **At all levels (Low, Medium, and High), people can wear a mask based on personal preference, informed by personal level of risk. People with symptoms, a positive test, or exposure to someone with COVID-19 should wear a mask. The following website provides updated information on Community Level Spread:** <https://www.cdc.gov/coronavirus/2019-ncov/science/community-levels.html#county-check>.
- Questions regarding vaccinations and/or boosters for your child should be directed to your child's pediatrician.
- Please share a copy of your child's COVID-19 vaccination card with us so we may attach it to your child's health record.

RISK

While present in the facility each day, your child will be in contact with children, families, and employees who are also at risk of community exposure. No list of restrictions, guidelines, or practices will remove 100% of the risk of exposure to Covid-19 as the virus can be transmitted by persons who are asymptomatic and before some people show signs of infection. You play a crucial role in keeping everyone in the facility safe and reducing the risk of exposure by following the practices outlined herein.

It's important for families to be vigilant and to self-report any contact with patients that tested positive.

E. Drinking Water

Drinking water shall be available to children and staff at all times. Individual drinking cups shall be available in the classroom for morning snack time if needed. Cups shall be used once and discarded, unless a cup is provided by the family and is sent home each day.

F. Children's Clothing

Clothing to be removed at school and backpacks shall be clearly labeled with the child's name.

Children should wear rain gear on rainy days for protection to and from the car pool.

Children should wear leg coverings, head coverings, winter coats and mittens during winter weather, since playground time is scheduled daily except on severe weather days.

If a child's clothing becomes wet or soiled, it shall be changed immediately. Each parent shall send a change of clothing in the child's backpack.

Security items for toddlers should be clearly labeled and brought with the child.

Toddlers and Pre-School children may bring their special "cuddly," but toys shall not be brought, except on "Show-and-Tell" day. Weapons, war toys and action figures designed for television shows or movies which could be construed as violent in nature shall not be acceptable for "Show--and--Tell," nor shall they be brought to school. Cubbies are provided in the Toddler classes for their personal belongings. Children in most of the Preschool classes will have their own cubby, otherwise a hook available in the closet for their backpacks and coats.

Teachers shall not be responsible for children's personal belongings left in the room. Such items shall be kept in the office for retrieval.

G. Hand Washing

Children's hands shall be washed with antibacterial soap and warm, running water upon arrival, prior and after snack time, prior to water play and after toileting. Single-use paper towels will be provided for drying off hands and turning off faucets. Hand-washing will be closely supervised by the teacher.
